Fighting for the rights of landlords in Scotland. Don't delay, join today!

## Welcome to SAL

**STEPHEN PEASNELL**  
CHAIRMAN

**A**s chairman of the Scottish Association of Landlords (SAL), I welcome your interest in joining our campaign to fight for the rights of landlords throughout Scotland.

Our success so far as an association stems from a group of landlords from across Scotland getting together to establish a landlords' organisation that truly reflects the needs of landlords operating in Scotland.

In 2001, recognising that Scotland has

its own legal system and devolved parliament, we at SAL took on the challenge of becoming Scotland's national landlords' organisation. To date, SAL is the only grouping of landlords that offers members a specialist Scottish landlord legal advice helpline and represents the interests of Scottish landlords at central and local government levels.

With branches throughout Scotland, we offer you the opportunity to discuss issues of common concern through your local branch meetings and training sessions, co-ordinated by your branch representative.

While our campaigning successes are well documented, we still have a lot of work to do. We need you to help us by joining today.

**S**AL organises branch meetings throughout Scotland. Our 12 branches meet in major towns and cities from Inverness to Dumfries, offering support to landlords in urban and rural Scotland. With members from Shetland to Stranraer, landlords can always benefit from membership, wherever they live.

SAL events offer all landlords the

opportunity to network and attain additional skills, regardless of how many properties they own or how long they have been in the business.

National Landlord Day is the largest gathering of landlords in Scotland and offers unique opportunities to hear from the leading experts in the field of residential letting. Members benefit from free and discounted fees for all SAL events.

“ Many thanks for your help and thanks to SAL for providing so much useful information on the website and at the various training courses organised
